Visits with Virtual Care-Only Providers	Cost through our mobile app and website
Primary Care, and medical services for urgent/acute care	10% coinsurance after deductible is met
Specialist care	10% coinsurance after deductible is met

Covered Medical Benefits	Cost if you use an In-Network Provider	Cost if you use an Out-of-Network Provider
Overall Deductible	\$300 person / \$900 family	\$300 person / \$900 family
Overall Out-of-Pocket Limit	\$450 person / \$1,350 family	\$6,000 person / \$18,000 family

The family deductible and out-of-pocket limit are embedded, meaning the cost shares of one family member will be applied to the per person deductible and per person out-of-pocket limit; in addition, amounts for all covered family members apply to both the family deductible and family out-of-pocket limit. No one member will pay more than the per person deductible or per person out-of-pocket limit.

All medical and prescription drug deductibles, copayments and coinsurance apply to the out-of-pocket limit.

In-Network and Non-Network deductibles are combined and accumulate toward each other; however, in-network and out-of-network out-of-pocket limit amounts are separate and do not accumulate toward each other.
